

THE CITY OF PLANO

Certificate of Commendation

PRESENTED TO

Sam Johnson Recreation Center for Adults 50+

The Sam Johnson Recreation Center for Adults 50+ achieved an important milestone by receiving its reaccreditation from the National Council on Aging. This facility has held this status for the past seven years, continuing to meet NCOA's national standards through its programs, amenities, and outstanding customer service. The two-phase accreditation process includes a community self-assessment, compilation of supporting documentation related to the NCOA's national standards, and an on-site review and recommendation by the National Accreditation Board.

This award reflects the commitment to best practices and makes clear to the community our continued goal to meet the ever-changing needs of our adult 50+ population. You make us Plano Proud!
