City of Plano

Annual Action Plan 2022-23

Prepared for the United States Department of Housing
and Urban Development

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Plano (City) annually receives entitlement grant funds from the U.S. Department of Housing and Urban Development (HUD) to serve low and moderate-income Plano residents. This Action Plan covers Grant Year (GY) 2022, which is the period of October 1, 2022 through September 30, 2023. This is the second year of the City's five-year (2020-2024) Consolidated Plan (Con Plan). The Action Plan is submitted to HUD every year and lists the activities the City will pursue with federal funds to meet goals previously established in the five-year Con Plan. The grants included under this Action Plan are the Community Development Block Grant (CDBG) and HOME Investment Partnerships Program (HOME).

The City anticipates receiving \$1,466,893 in CDBG and \$548,529 in HOME funds from HUD for GY 2022. The City also anticipates receiving \$100,000 in CDBG program income and \$6,750 in HOME program income during GY 2022. In addition to new HOME program income received, the City expects to begin Grant Year 2022 with \$5,000 in GY 2020 HOME program income. All federal funds must be used to meet one or more of the following HUD objectives:

- Provide decent affordable housing,
- Create suitable living environments, and
- Expand economic opportunities.

The Con Plan and Action Plan strategies and programs are aligned with the overall vision and policies from the City's Comprehensive Plan through programs that improve the City's built and social environments.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The following is a summary of City objectives and outcomes for the 2022-23 Action Plan.

Decent Affordable Housing

- Housing Rehabilitation for 20 homes
- Down payment assistance for three (3) first time homebuyers
- Creation of affordable housing units for two (2) households

Suitable Living Environment

- Short-term homelessness prevention for 114 persons
- Homeless supportive services and/or shelter for 60 persons
- Children and youth after-school and summer programs for 51 persons

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

GY 2020 represented year 1 of the 2020-2024 Consolidated Plan. The below charts shows the progress made toward achieving goals set within the five year plan, after the completion of the first consolidated plan year.

Goal	Indicator	5 Year Goal	Cumulative Accomplishments	Percent of Goal Accomplished

Public Services – Job Training	Public Services activities other than Low/Moderate Income Housing benefit	32 Persons Assisted	0	0%
Homeless Shelter and Services	Overnight/Emergency Shelter/Transitional Housing Beds added	25 beds added	82	328%

In GY 2020, the City also assisted Plano residents with public services goals through the use of general fund monies. A total of 5,421 Plano residents were provided senior services, transitional housing, youth programs, health services, meals, counseling, and educational services. Moreover, the City utilized Texas Department of Housing and Community Affairs Homeless Housing and Services Program funds to rapidly rehouse 26 people. The City continued

to utilize U.S. Treasury Emergency Rental Assistance Program (ERAP) funds to provide emergency rent and utility assistance to 635 households.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

A formal Citizen Participation Plan (CPP) outlines how citizens provide their input on how federal funds are used for each annual Action Plan. The CPP is included as part of the City's five-year Con Plan and available online at <https://www.plano.gov/923/Nonprofit-Resources> under the HUD Grants tab and at <https://www.plano.gov/HUDPlan>.

Citizens are able to provide their input at public hearings and during the public comment period. The City provides notice to the public regarding the hearings and comment periods through publication in the local newspaper, Plano Star Courier. In addition, all public hearings are also posted on the City's main website and the Neighborhood Services website: www.planoneighborhoods.org. The following is a list of public hearings and notices of comment periods that provided citizens the opportunity to have input on the 2022-23 Action Plan:

- Public hearings: June 2 and July 25
- Notice of public hearings and comment periods: May 17 and June 19

All notices were published in the main section of Plano Star Courier and included a listing of projects and programs to be funded. The Action Plan was also made available for review on the City of Plano Neighborhood Services website at <https://www.plano.gov/923/Nonprofit-Resources> under the HUD Grants tab and at <https://www.plano.gov/HUDPlan>.

5. Summary of public comments

No comments have been received as of July 11, 2022.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comments have been received as of July 11, 2022.

7. Summary

This Action Plan for GY 2022 includes projects with objectives and outcomes that address priority needs and help meet goals identified in the five-year Con Plan. For more details about the Con Plan, please visit the City's Neighborhood Services website at www.planoneighborhoods.org. Priority needs in the

Con Plan significantly outpace the amount of HUD funding received by the City. The City helps offset some of this gap with its own general funds for public services through the Buffington Community Services Grant (BCSG).

PR-05 Lead & Responsible Agencies – 91.200(b)

Table 1 – Responsible Agencies

Narrative (optional)

The City, a HUD entitlement grantee, is required by HUD to prepare a Consolidated Plan and Annual Action Plan that meets HUD regulations in order to receive grant program funds. The lead agency responsible for overseeing the development of these plans and reports is the City's Neighborhood Services Department. Neighborhood Services oversees the administration of the CDBG and HOME grants.

The Community Relations Commission (CRC) is a board of citizen volunteers who are appointed by the City Council to make funding recommendations for the use of BCSG, CDBG and HOME programs to the City Council.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City consults with multiple organizations and community representatives for preparation of the Action Plan for use of HUD grant funds. Per the Citizen Participation Plan, the City holds at least one public hearing during the development process before the Action Plan is published and at least one public hearing during the 30-day comment period to obtain citizen's views and to respond to comments and questions. Public hearings are held in conjunction with Community Relations Commission and City Council meetings.

A wide variety of social service and affordable housing nonprofits and neighboring local governments were invited to comment on the Action Plan and/or participate in the grant process. The City's active involvement with the Collin County Social Services Association, Collin County Homeless Coalition, Collin County Community Health Council, and Metro Dallas Homeless Alliance (Continuum of Care lead agency) enhances coordination within Plano and the region.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

In preparing the Action Plan, the City consulted with outside agencies that have responsibility for administering programs covered by or affected by the Action Plan. Local service agencies were invited to participate in the grant process with services focusing on homelessness, health and wellness, children and youth, persons with disabilities and affordable housing.

The City of Plano works closely with Plano Housing Authority, Lifepath (local mental health authority), local hospitals, Metro Dallas Homeless Alliance and nonprofit health and service agencies to enhance coordination of services to low- and moderate-income populations, including those in public and assisted housing.

The City serves on the Advisory Council of the Collin County Homeless Coalition, on the Independent Review Committee of the Continuum of Care and as a member of the Collin County Social Services Association. Active participation in these organizations enables the City to collaborate with service providers to help deliver a comprehensive system of care.

Informal consultation with the social service agencies, housing developers, and other City Departments happened throughout the development of the Action Plan and contributed to the selection of the Action Plan activities. Through direct relationships and its involvement with community coalitions listed above, the City will work closely with local service providers to enhance coordination and achieve the objectives outlined in this Action Plan.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City is an active member of the TX-600 Dallas City & County, Irving Continuum of Care (CoC), whose service area includes all of Dallas and Collin Counties. In addition, the City is an active member of the Collin County Homeless Coalition (CCHC), a subgroup of the CoC, and holds a seat on CCHC's Advisory Council. The City plans and executes its own annual Point-In-Time Count and coordinates with the CoC and CCHC in finalizing results and utilizing data for planning homeless services.

The City funds a Homelessness Prevention Program, which provides comprehensive, supportive services for Plano residents at-risk of homelessness. The City also funds a Rapid Rehousing Program using grants from the Texas Department of Housing and Community Affairs. Through the use of both HUD and City grant funds, the City also funds a transitional shelter for adults and families, a transitional shelter for young adults, and two emergency domestic violence shelters including one that focuses on culturally-specific needs of Muslim women and a multitude of supportive services.

On the regional level, the City has representatives who serve on the CoC's Street Outreach and Independent Review committees. Beginning in September 2017, the CoC began providing a Coordinated Access Case Manager in Plano, who assists unsheltered persons with finding housing and other supportive services. The City will continue to work closely with the Coordinated Access Case Manager to address the needs of literally homeless individuals and families who contact the City for assistance.

The City also launched a Hospital Homeless Initiative in April 2018 to address the needs of admitted Plano residents in area hospitals who are at risk of homelessness upon discharge. This initiative is described in greater detail in section AP-65.

In GY 2020, the Homelessness Prevention, and Rapid Rehousing programs were expanded to address the needs of Plano residents who were experiencing a COVID-impact. Community Development Block Grant – Coronavirus (CDBG-CV) and state funds were received from the federal and state agencies and were utilized to address the needs of residents impacted by COVID-19. Finally, during this grant year, the City began utilizing HMIS to enter the information for residents experiencing homelessness. The addition of this system to our homeless services allows our residents to be placed on the Coordinated Access list sooner. The City will continue to utilize these systems and provide resources to our residents impacted by COVID-19 and those experiencing homelessness.

As a result of the coronavirus pandemic, the City received additional funding from the U.S. Department of the Treasury (USDOT) and the U.S. Department of Housing and Urban Development (HUD) to address the needs of residents and their families impacted by the pandemic. Two activities were implemented as a result of this funding including the HOME-funded Tenant-Based Rental Assistance (TBRA) program and the USDOT-funded Emergency Rental Assistance Program (ERAP).

The TBRA program provides assistance to households at or below 60 percent of the Area Median Income (AMI) who have been economically impacted by COVID-19. Further the applicant household must have resided in Plano for a minimum of 90 days or lost their housing in Plano after March 1, 2020. These households are required to meet HUD's Category 1 or Category 2 definition of homelessness found in 24 CFR 576.2, and they must be willing to meet with a case manager and agree to ongoing case management services throughout the 12 months of the program.

Additionally, the City plan to utilize HOME-ARP funding to assist the City's unhoused and at-risk residents through a combination of the following allowable activities; the production or preservation of affordable housing; tenant-based rental assistance; supportive services, including homeless prevention services and housing counseling; and the purchase or development of non-congregate shelter for individuals and families experiencing homelessness

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Although the City does not receive an allocation of Emergency Solutions Grant (ESG) or Homeless Management Information System (HMIS) funding, the City coordinates with the local CoC and CCHC through regular attendance, membership, and networking within the organizations. City staff contributes to the process of determining ESG funds for the CoC's region through active participation in these groups. In addition, by serving on the HMIS Committee, the City is actively involved in policies and decision-making as it relates to the CoC's HMIS.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City of Plano encourages its citizens to provide input in the Action Plan process. Through its adopted Citizen Participation Plan (CPP), the City sets forth policies and procedures for citizens and groups to provide the City with information on housing and community development needs as part of the preparation of the Action Plan. Accordingly, two public hearings were advertised in local newspapers and held in the city. As required by the CPP, the City conducted at least one public hearing during development of the Action Plan and at least one during the public comment period for the Action Plan.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Plano is a Metropolitan Entitlement City and receives two grants from the U.S. Department of Housing and Urban Development (HUD):

- Community Development Block Grant (CDBG); and,
- Home Investment Partnerships Program (HOME)

Through the use of federal, state and local funds, the City plans to carry out the objectives set forth in this Action Plan. The City works in partnership with other City departments to develop coordinated plans, and to leverage resources for parks, infrastructure, code enforcement, clearance of substandard structures, economic development, housing development and other projects in targeted neighborhoods. Coordination

with and support from adjacent HUD entitlement grantees is also sought when appropriate.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

In recent years, the City has made greater efforts to leverage private investment for affordable housing activities. The City also leverages its CDBG public service funds with its BCSG funds, providing \$2 per capita annually to fund a variety of public services for Plano residents.

In the face of extensive needs and limited resources, the City’s funding strategy is to focus its efforts in activities that offer the greatest potential for maximizing benefits from investments.

Matching requirements will be satisfied as follows:

Match is considered a permanent contribution to affordable housing. The City will provide match in an amount equal to no less than 25% of the total HOME funds drawn down for project costs. Sources of match funds may include subrecipient completed projects that include use of: sweat equity, land donations for HOME-eligible projects, private financing, the value of donated materials, equipment, labor and professional services, and homebuyer counseling.

Unacceptable sources of cash match include: all CDBG funds, other federal grant funds, funds raised through federal HTC, interest rate subsidy attributable to federal tax-exempt financing, Owner equity in a Project, cash contributions from investors who own, are working on, or are proposing to apply for assistance for a HOME-assisted project; cash contributions from applicants for or recipients of HOME assistance, and expenditures on Program administration.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Results of Con Plan citizen input strongly supported affordable housing, housing rehabilitation, and homeownership, as well as social and supportive services for low- and moderate-income individuals and families.

The City continues to prioritize preserving existing homeownership and new homeownership. Therefore, funds are invested in the City's Housing Rehabilitation and First Time Home Buyer programs, as well as Habitat for Humanity of Collin County. Additionally, the City provides funding to nonprofit organizations that serve special needs populations such as individuals and families experiencing homelessness, domestic violence survivors, and children from low- and moderate-income families. The City also promotes affordable housing by providing resolutions of support for housing tax credit developments.

The City has identified two primary obstacles to meeting underserved needs. The first obstacle is limited federal and local funding. The needs of the community are greater than the available local and federal funds. The other main obstacle is Plano's local housing market. Since 2012, the median home value in Plano has risen 140% from \$202,000 to \$485,000 as of the month of April 2022 (https://www.realtor.com/realestateandhomes-search/Plano_TX/overview), and more than 95% of Plano's land area is developed (City of Plano - Annual Report). The limited availability of land that can be

developed cost-effectively, as well as increasing demand for housing within Plano, significantly affects opportunities for increasing the supply of affordable housing units.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Due to the eligibility criteria for the CDBG and HOME programs and their focus on low- and moderate-income populations, most funds are likely to be expended in areas that have higher concentrations of low- and moderate-income residents, such as southeast Plano and many areas located to the immediate east and west of US-75. However, funds will be expended in all areas of the City, as all programs are available citywide, and low- and moderate-income persons reside in all areas of the City. See the map at Appendix A showing the income distribution of areas that have at least 42.34% low- and moderate-income households, per HUD's Exception rule for the City of Plano.

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of Plano does not propose allocating investments geographically. See the map included as Appendix A showing the income distribution of areas that have at least 42.34% low- and moderate-income households, per HUD's Exception rule for the City of Plano.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City's housing priorities are: 1) increasing the supply of quality affordable housing, 2) improving existing affordable housing stock, and 3) expanding homeownership opportunities. For the 2022-23 program year, these priorities will be addressed through the following activities: homelessness prevention assistance to 114 persons (approximately 49 households), down payment assistance to three first-time homebuyers, production of two new housing unit, and housing rehabilitation for 20 low- and moderate-income households.

The Plano Housing Authority (PHA) has been the City's primary partner in addressing rental housing needs of the very low income segment of the City's population.

Discussion

The City assists low- and moderate-income homeowners citywide with rehabilitation by emphasizing the highest priority repair needs for each assisted household and providing for emergency repair grants for homeowners that affect health and safety needs, such as water and sewer failures, electrical and heating system failures, and urgent roof repair needs. Also, use of City general funds for the City's Great Update Rebate, Love Where You Live, Tool Lending and Smart Energy Loan programs will help homeowners maintain their homes and revitalize aging neighborhoods.

The City will also support new affordable housing opportunities through down payment assistance to

three first time homebuyers and the production of one new unit using CHDO set-aside funds. All affordable housing activities will benefit low- and moderate-income buyers.

It is anticipated that the City will support the production of new rental units by providing resolutions of support for housing tax credit developments to be constructed within the city. Plano residents who are at-risk of homelessness will be supported through the City's Homelessness Prevention Program, which will provide short-term housing and utility assistance to approximately 114 persons (49 households).

AP-60 Public Housing – 91.220(h)

Introduction

Plano Housing Authority (PHA) is the local public housing agency in Plano. PHA currently has 908 Housing Choice Vouchers (HCV), 39 Mainstream Vouchers, 40 Veterans Affairs Supportive Housing (VASH) vouchers and 23 single-family, scattered site Public Housing units. PHA vouchers can be used within a 25-mile radius of PHA's office and are not limited to Plano city limits.

Actions planned during the next year to address the needs to public housing

- Continue to provide certifications of consistency with the Consolidated Plan and serve as the PHA's responsible entity for environmental reviews
- Support PHA's efforts to obtain funds for renovation and improvements
- Provide information to PHA regarding the City's internal and grant-funded programs for PHA to share with its clients
- Help address the needs of public housing and the needs of its residents by offering housing counseling or homeownership training to tenants and Housing Choice Voucher renters

Actions to encourage public housing residents to become more involved in management and participate in homeownership

- Provide down payment assistance for eligible first-time homebuyers
- Expand and promote homeownership opportunities for participants in the public housing and voucher programs
- Fund case management, information, and referral services to low- and moderate-income individuals through various nonprofit organizations
- Provide homeownership information through City staff and First Time Homebuyer class

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Plano Housing Authority is not designated as troubled. Therefore, this section does not apply.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Throughout Collin County and the City of Plano, as with most areas of the country, addressing homelessness continues to be a challenge. The 2022 Point-In-Time (PIT) count was conducted the night of February 24, 2022. On that night, 13 people were unsheltered in Plano, 139 were in emergency shelters located in Plano and 72 were in transitional housing. Including those who were sheltered, there were 224 persons identified as homeless in the City of Plano in the 2022 PIT Count, versus 216 in 2021; a 3% overall increase.

Persons experiencing homelessness face many barriers to finding and securing housing and require a variety of services to fully address their needs. These services can include food, housing, employment training, transportation, mental and physical health and case management. The City of Plano has been actively engaged in numerous activities to prevent and respond to homelessness and provide support to local nonprofits that serve this population. In this one-year Action Plan, the City will support multiple programs addressing homelessness using HUD, BCSG, and Texas Department of Housing and Community Affairs (TDHCA) funds.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City reaches out to people experiencing homelessness and assesses their individual needs through four primary methods: 1) participation, leadership, and support for the Collin County Homeless Coalition (CCHC) and the Continuum of Care (CoC), including assisting with annual PIT Counts, 2) funding of key homeless services and homelessness prevention through CDBG and City general funds, 3) entrance of homeless individuals and families into the Homeless Management Information System (HMIS), and 4) coordinating collaborative outreach initiatives that connect unsheltered persons to community resources.

Neighborhood Services staff currently address the needs of homeless persons who contact the City by coordinating with local shelter providers and nonprofit organizations to assist people experiencing homelessness in finding suitable shelter or housing and connecting to supportive services. Metro Dallas Homeless Alliance (MDHA), lead agency for the CoC, currently provides a Coordinated Access and Assessment Case Manager at the Assistance Center of Collin County in Plano, who assists unsheltered homeless persons with assessment, obtaining shelter and/or housing, benefits applications, and obtaining critical documents. City staff work closely with this case manager to locate housing options for

homeless persons.

The City launched a Hospital Homeless Initiative in April 2018 to address the needs of admitted Plano residents in area hospitals who are at risk of homelessness upon discharge. Participating hospitals include Medical City Plano, Baylor Scott & White Plano, and Texas Health Presbyterian Hospital Plano. City staff meets with the patient to gather information to determine shelter eligibility and to complete HMIS entry. Staff then contacts emergency shelters and transitional living programs that best fits the needs of the patient to find out availability and coordinate intake, including transportation, if needed. Follow-up is conducted to confirm the patient entered the program. A comprehensive shelter list and contact information for the Coordinated Access and Assessment Case Manager is also provided to hospital staff for referral purposes in the event a patient is unable to participate in the initiative due to residency or other factors. Although COVID placed a hold on this initiative, we expect to resume activity in GY 2022.

In GY 2022, the City will continue a monthly street outreach collaboration with the Plano Neighborhood Police Officer Unit, Plano Police Mental Health Coordinator, Plano Fire Department, volunteers from Collin County Homeless Coalition, and Lifepath Staff. During each outreach, two to four teams will visit locations in Plano known to be frequented by unsheltered persons to assess immediate needs and provide information on the Collin County Coordinated Access and Assessment Case Manager, shelter, and other resources. Additionally, the City of Plano is a contributing Homeless Management Information System (HMIS) participating entity. Staff will utilize HMIS to gather information on residents experiencing homelessness and utilizing the Coordinated Access System (CAS) to provide appropriate housing and services.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City addresses homeless persons' emergency shelter and transitional housing needs through collaboration with the CoC and CCHC and sustained funding of local shelters and supportive services. In this one-year Action Plan, the City's CDBG funds will be used to support the Texas Muslim Women's Foundation, which provides culturally sensitive services and shelter to victims of domestic violence. In addition, the Community Relations Commission has recommended to City Council to use general funds to support the following shelters: 1) The Samaritan Inn, a transitional housing shelter for individuals and families, 2) City House – Transitional Living Program, a transitional housing program for youth ages 18-21, 3) Texas Muslim Women's Foundation, a culturally-sensitive shelter and supportive services agency survivors of domestic violence, and 4) Hope's Door New Beginnings Center, a shelter and supportive services agency for survivors of domestic violence.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals

and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City, through involvement and leadership in the CCHC and the CoC, collaborates with service providers to facilitate the adoption of best practices, increase capacity, and coordinate the delivery of services to persons experiencing homelessness. In September 2018, the City of Plano became eligible to receive an allocation of Homeless Housing and Services Program (HHSP) funding from the Texas Department of Housing and Community Affairs (TDHCA). The City is currently using these funds to support a Rapid Rehousing (RRH) program that serves youth, families, and single adults. The program facilitates a rapid transition to permanent housing for eligible applicants, shortening the length of time in homelessness and providing flexible support to help participants achieve housing stability. The program is administered by Salvation Army –Plano location. The City will continue to fund this program in GY 2022.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City uses CDBG funds to support the City of Plano Homelessness Prevention Program, which serves extremely low- and low-income Plano residents at risk of homelessness. In addition to assistance with housing costs, clients are connected to a variety of other supportive services such as food, clothing, benefits application assistance, job search assistance, ESL classes, credit counseling, budgeting, and more. These basic services, combined with the housing payments supported by the grant, create a comprehensive program that helps dozens of low-income families regain stability and avoid homelessness each year. The program is currently delivered by the Assistance Center of Collin County. The City's Community Relations Commission has also recommended the Veteran's Center of North Texas for City general funds in GY 2022, to provide emergency assistance to Veterans in Plano who are homeless or at-risk of homelessness.

Discussion

Based on the results of the 2022 Point in Time Count, there were a total of 224 people experiencing homelessness in Plano, of which 13 were unsheltered. There were 103 people at the Plano Overnight Warming Shelter (POWS) that opened due to the extreme cold weather conditions. It is probable that these individuals would have been unsheltered if weather conditions had not warranted the activation of POWS. Providing shelter and rapid rehousing services to persons experiencing homelessness and preventing homelessness remain priorities for the City. The City supports the CoC's efforts by providing funds for supportive services and transitional shelter for Plano's homeless population.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

In 2019, the City finalized its updated Analysis of Impediments to Fair Housing Choice (AI). The AI process did not identify any specific policies of the City of Plano which serve as barriers to affordable housing. Local public policies in Plano are generally favorable for the production of affordable housing, including waiver of development-related fees in the City's Neighborhood Empowerment Zone and a relatively small minimum square footage for single-family units (800 square feet). Over the past five years, the City has made new efforts to increase the diversity of its housing stock and confront affordability issues to accommodate the varying needs of the population.

While there were no local policies identified as barriers to affordable housing in the City's AI, market conditions in Plano have caused an increase in home values and rental rates over the last several years. As summarized in the City's Housing Trends Analysis, which explores these factors in-depth, "Plano has experienced significant employment growth in the past 15 years; however, residential growth has not occurred at the same pace. While the City has been extremely successful in attracting major employers, residentially-zoned land in the city is almost entirely built out, making new residential development increasingly challenging. Employment growth without concurrent residential growth, alongside this land constraint, has put increasing pressure on the housing market, resulting in a lack of 'starter' homes and homes affordable to the general workforce (both ownership and rental)" (Economic & Planning Systems, 2018).

As a result of these market conditions, from 2012 to 2018, median contract rent increased by 35% in Plano, and median home values increased by 34%. Comparatively, median household income in Plano only rose 11% over the same period. These conditions have created a barrier to affordable housing, as it has become increasingly difficult for low- and moderate-income residents to afford their housing costs. In addition, affordable housing developers have found it increasingly difficult to purchase and develop land in Plano at a cost-effective rate.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

In 2019, Plano City Council incorporated Housing Affordability as a component of its current Strategic Vision to improve the quality of life for all Plano residents. In recent years, the City has taken actions aimed at the barriers created by the intersection of market factors described above. The City's AI, available in the HUD grants tab of the Nonprofit Resources section of the City's website (<https://www.plano.gov/923/Nonprofit-Resources>), includes a list of goals and strategies the City will undertake over the next five years to increase fair housing choice, many of which relate to housing affordability. Goals from the AI are listed below. A detailed list of strategies and metrics for each goal

can be found beginning on page 221 of the AI.

1. Increase access to affordable housing in high-opportunity areas (defined by the City as areas with an area median income (AMI) greater than 80% or a poverty rate of 10% or less);
2. Increase the supply of affordable housing units;
3. Increase the supply of accessible, affordable housing for persons with disabilities;
4. Increase access to affordable transportation options for low-income households and persons with disabilities;
5. Make investments in targeted neighborhoods to increase opportunity;
6. Increase access to information and resources on fair and affordable housing; and
7. Maintain and improve the quality and management of publicly supported housing.

Discussion:

The City remains committed to preserving and maintaining the existing stock of affordable housing, as well as increasing the number of new affordable housing units. The City regularly seeks to expand its capacity and partnership opportunities to provide affordable housing activities and will continue to seek out and support efforts that will accomplish this goal.

AP-85 Other Actions – 91.220(k)

Introduction:

This section will describe the City's plans to use its 2022 programs to address obstacles to meeting underserved needs, foster and maintain affordable housing, evaluate and reduce lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure, and enhance coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

The City has identified the following obstacles to meeting underserved needs:

1. Obstacle – Limited Funding

The primary obstacle to meeting underserved needs is limited federal and local funding. The needs of the community are greater than the available local and federal funds. The City will utilize general funds for public services and programs such as Great Update Rebate, Love Where You Live, Tool Lending, and Smart Energy Loan to assist Plano residents in maintaining their homes and neighborhoods. The City will utilize funding from the Texas Department of Housing and Community Affairs (TDHCA) to support its Rapid Rehousing Program.

The City leverages federal funds using its own general funds to award grants to local nonprofits. The Buffington Community Services Grant (BCSG) currently allocates \$2 per capita to provide public services to Plano residents. For GY 2022, the BCSG fund is \$581,340, and 18 agencies were awarded grants.

2. Obstacle – Local Market

The limited availability of developable land at affordable prices, as well as increasing demand for housing within Plano, significantly affects opportunities for increasing the supply of affordable units. Through its housing tax credit application process, the City seeks to assist developers that propose housing tax credit projects in Plano by providing resolutions of support to obtain funds through the TDHCA. Additionally, as described on page 5, the City increased the maximum down payment assistance offered through its First Time Homebuyer program from \$20,000 to \$55,000 beginning in July 2018. Through its analysis of changes in the housing market over the past several years, the City determined that increasing the maximum amount of assistance to this level would increase homeownership opportunities for low- and moderate-income households. Moreover, the City underwent a housing market analysis of the sales prices of homes, and consequently the new HOME Homeownership Value used for the City of Plano funded programs is \$418,000.

Actions planned to foster and maintain affordable housing

The City plans to foster and maintain affordable housing for Plano residents by funding activities for

homebuyer assistance and housing rehabilitation. The First Time Homebuyer Program makes homes more affordable to low- and moderate-income residents by assisting with down payments and closing costs. The purpose of the Housing Rehabilitation program is to assist low- and moderate-income property owners with repairs to meet their needs for safe and decent housing. Rehabilitation is also intended to enhance, improve, and preserve neighborhoods. The City will also utilize general fund monies to preserve existing affordable housing through the Great Update Rebate, Love Where You Live, Tool Lending and Smart Energy Loan Programs.

During GY 2018, the City completed a Housing Trends Analysis. The analysis identified gaps in housing needs by both type and size, with consideration given to the income level needed to obtain various types of housing. Using the results of the analysis, the City plans to develop recommendations for policies and incentives necessary to attract the type of strategic development that accurately aligns with current and future community needs.

Actions planned to reduce lead-based paint hazards

Actions taken to reduce lead-based paint will be conducted in accordance with HUD's lead-based paint regulations at 24 CFR § 35. The City of Plano Community Services Division staff attends trainings, receives lead-based paint certifications and is currently in compliance with these regulations. Lead-based paint hazards are addressed through the City's Housing Rehabilitation program and the HOME program. As homes enter these programs, they are evaluated for lead-based paint and, when necessary, such hazards are reduced or eliminated, as required by law. In addition, homes built prior to 1978 to be purchased through the First Time Homebuyer program and fail the required visual paint inspection will be tested for lead paint. If lead paint is present, the owner will be informed of the appropriate requirements to respond to the lead paint, and the purchase will not proceed with federal funds unless and until interim controls are completed.

Actions planned to reduce the number of poverty-level families

The City of Plano's anti-poverty strategy will assist in reducing the number of poverty-level families by providing the following programs and services:

- Programs supporting and encouraging community and neighborhood maintenance and improvements such as Housing Rehabilitation, Great Update Rebate, Love Where You Live, Tool Lending and Smart Energy Loan.
- Programs that foster economic independence for homeless and at-risk families and individuals by combining housing assistance and supportive services such as the City's Homelessness Prevention and Rapid Rehousing Programs, and City-supported programs at Agape Resource and Assistance Center, City House, Hope's Door New Beginnings Center, Samaritan Inn, Texas Muslim Women's Foundation and Veteran's Center of North Texas.
- Case management and information and referral services to special needs, low/moderate-income

and below poverty-level families through various nonprofit organizations.

- Food assistance, child care, health, transportation, utility payments and educational assistance to low/moderate-income families, particularly those with special needs. Nonprofit organizations in the community provide these various forms of assistance, many of which are funded by the City.

Actions planned to develop institutional structure

It remains a priority for the City to develop and enhance an effective and efficient program delivery system for the use of federal funds. The City continues to monitor, assess and seek ways to further improve its performance. Collaborative relationships have been built with public and private institutions and nonprofit organizations, to implement activities and projects that require multiple funding sources and partners. Through ongoing meetings and periodic technical assistance provided by the City, all partners are encouraged to share their thoughts on how the delivery system and programs could be made improved.

The City became a member of the Funding Information Network in July 2019. Through this service, nonprofit organizations serving Plano and the broader community are given free access to a data-rich online service for seeking out new funding opportunities, thereby increasing their capacity to administer social service and housing programs to Plano residents.

Actions planned to enhance coordination between public and private housing and social service agencies

To enhance coordination between public and private housing and social service agencies, the City works closely with its subrecipient agencies, which includes those listed in the proposed projects summary, as well as agencies funded by the City's Buffington Community Services Grant. The City is also a member of multiple community groups such as the local CoC, Collin County Homeless Coalition, and many others listed previously in this report. These community organizations provide networking opportunities and serve to enhance coordination between the City and public and private housing and social service agencies. City staff also provides support and information to the Community Relations Commission, a group appointed by City Council to make funding recommendations for the provision of social services and quality, affordable, and accessible housing.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City does not and will not engage in any form of investment using HOME funds that is not described in 24 CFR 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

One hundred percent (100%) of HOME funds used for down payment, closing cost, interest subsidies, or other HOME assistance provided directly to homebuyer (direct HOME subsidy) is subject to recapture provisions. The homeowner is required to repay ALL of the direct HOME subsidy if the housing is no longer used as a principle residence of the homeowner and/or in the event of a Triggering Event during the first 15 years. After 15 years, the loan is forgiven.

In the event of property transfer through the sale of property, the City allows the seller to sell to any willing buyer at any price. Once the HOME funds are repaid, the property is no longer subject to any HOME restrictions.

B. Subrecipient and CHDO Projects

For housing developed by a housing organization including CHDOs and subrecipients, HOME funds used to make a home affordable (direct assistance) are subject to the recapture provision and will be secured by a promissory note and deed of trust. The City will use the reduction during the affordability period method of calculation and shared net proceeds as its method of determining the amount of repayment required.

Under this method the direct HOME subsidy will be prorated and forgiven on a monthly basis. For example, a 5 year affordability period will be forgiven at the rate of 1/60 per month; 10 year affordability at 1/120 per month; and 15 year affordability at 1/180 per month. This amount will be deducted from the full direct subsidy. If the proceeds from the sale of the property are sufficient to repay the City for the portion remaining of the original direct subsidy, the City will be paid and the homeowner will receive the difference.

If the sale proceeds are insufficient to repay the City for the remaining portion of the original direct subsidy, the homeowner's initial contribution (at the time of the purchase) will first be paid to the homeowner, and the City will recapture any and all of the net proceeds. However, the City is never permitted to recapture more than what is available from the proceeds of the sale.

Proceeds are defined as the sale price, minus loan repayments and closing cost. Proceeds may be

equal to, less than, or greater than the combined amount of HOME funds invested in the project.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

A Subordinate Deed of Trust and Promissory Note will be placed on acquisition projects utilizing City of Plano HOME funds. The following will trigger repayment of all or a portion of the HOME funds invested in the project:

- Discovery that the recipient knowingly falsified an application and was actually ineligible for assistance; or,
 - Homeowner moves out or sells home prior to the end of the affordability period; or,
 - Recipient fails to meet HOME requirements or regulations; or,
 - HOME-assisted property is sold to an ineligible homebuyer.
4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not use HOME funds to refinance existing debt; therefore, this section is not applicable. Furthermore, the City does not intend to use HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds. The City does not have programs that allow the use HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds.

Section IV. Recaptured Requirement

Recapture provisions are utilized for households receiving assistance through the FTHB Program and/or direct assistance through HOME-funded projects, including all subrecipient and CHDO projects. The purpose of the recapture provisions is to ensure that the City will recoup all or a portion of the assistance if the housing is no longer used as a principle residence of the homeowners during the required affordability period and/or upon the earliest occurrence of one of the following triggering events:

A. Triggering Events

The repayment of funds is required should the recapture requirement be triggered by any of the following events:

1. A sale (voluntary or involuntary) of the housing unit during the affordability period, or
2. Transfer of real estate through other forms including but not limited to transfer property as a gift and relinquishment. In this event, the homeowner shall immediately make full payment of the principle and interest on the entire principle balance of the loan as stipulated on the deed of trust and promissory note, or
3. The cessation of the property use as primary residence either by voluntary or involuntary. In this event, the homeowner shall immediately make full payment of the principle and interest on the entire principle balance of the loan as stipulated on the deed of trust and promissory note.

B. Amount Subject to Recapture

1. HOME-funded Projects

One hundred percent (100%) of HOME funds used for down payment, closing cost, interest subsidies, or other HOME assistance provided directly to homebuyer (direct HOME subsidy) is subject to recapture provisions. The homeowner is required to repay ALL of the direct HOME subsidy and shared appreciation to the city of Plano if the housing is no longer used as a principle residence of the homeowner and/or in the event of a Triggering Event during 15 year affordability period.

If the Homeowner sells, transfers, leases, refinances with cash-out, obtains a home equity loan, transfers title, or violates a term of the Note within the Affordability Period, the Homeowner must repay the entire amount of direct Subsidy provided to the homebuyer before the

City of Plano
COMMUNITY SERVICES DIVISION

homebuyer receives a return. The City's recapture amount is limited to the net proceeds available from the sale and the net proceeds is calculated using the following method:

The Net Proceeds = the sales price minus superior mortgage loan repayment and any closing costs.

In the event that the Property is sold but the proceeds are inadequate to allow for full repayment of the Subsidy, the City, at the discretion of the Director of Neighborhood Services, may permit the Homebuyer to recover the Homebuyer's initial contribution and documented capital improvements made by the owner since purchase.

In the event of property transfer through the sale of property, the City allows the seller to sell to any willing buyer at any price. Once the HOME funds are repaid, the property is no longer subject to any HOME restrictions. Permitted Transfers

Section IV. Permitted Transfers

The following transfers are permitted without causing repayment of the Subsidy:

- A. Transfer to Homeowner's spouse as a result of a divorce, property settlement agreement or legal separation or a transfer between co-Homeowners as long as the transferee spouse or co-homeowner continues to occupy the Property as his or her principal residence and meets such other program guidelines as required by the City in its sole discretion.
- B. Transfer by devise, descent or operation of law on the death of Homeowner to Homeowner's surviving spouse, descendants or a relative so long as the surviving spouse, descendants or relative continue to occupy the property as their principal residence and meet the City's program guidelines.
- C. Notification of the City is required.

Part II. Underwriting and Subsidy Layering Process

Section I Eligibility Determination

- A. Application - Face-to-Face Interview

Only complete application(s) will be reviewed and processed. Therefore, HCSC must ensure that applicant(s) and all household member(s), who are 18 years and older, provide complete application(s) and all supporting documents as
